

# HOMEWORK

## PURPOSE

Homework is given to the children to complement classroom learning through reinforcement of work already covered in class and to foster study habits and time management skills.

## GOALS

Homework helps students by:

- complementing and reinforcing classroom learning
- fostering good lifelong learning and study habits
- providing an opportunity for students to become responsible for their own learning
- developing self-regulation processes such as goal-setting, self-efficacy, self-reflection and time management
- supporting partnerships with parents by connecting families with the learning of their children

## IMPLEMENTATION

- Time spent on homework needs to be flexible and negotiated taking into account both its purpose and nature of the task
